

1) You indicated that you like to go to the movies. What is your favorite genre of movies? Why do you like those types of moveis?

For me, I love to watch every movie not movies with a certain genre. My favorite movie is Joker. The reason why I like this movie is that the actor in the movies comes with a great impact. He was able to show up the perfect acting to describe the character he asked to act. Due to his great acts, I enjoyed the movie so much. After that, I love to watch movies that this actor comes out.

2) Who is your favorite movie actor or actress? Tell me a specific story about something this actor did that you heard about in the news. Begins the story with some details about the actor or actress and then tell me all the detail of what happened.

My favorite actor is the actor that comes out in the movie joker. he is the villain taking a huge part in the movie and he is super good at making his audience impressed. of course I was also impressed with his act. Personally, Joker is a character that is hard to mimic but the actor of Joker did it significantly well. His name is Hoakim Pheonix. The scene of him walking down the stairs was so impressive. He taught me that people should be cautious of people who have got nothing to lose.
